Dear Potential Sponsors and Donors:

The Cherokee Trail High School Band Department is committed to a strong music education for all of our students. We strive to ignite a passion for music, provide a place where students can feel a part of something bigger than themselves, and create high quality music.

In order to achieve these goals, the band program is currently seeking companies and individuals in the area to become sponsors of the program or provide in-kind donations to support a multitude of events throughout the school year. The program has many needs including the purchase of large capital items and equipment such as new instruments, providing for guest artists and teachers to work with the students, help offset the cost for external performance opportunities, and food and materials to support our Cougar Band Parent Organization

We need your help and support! Your tax-deductible donation will help our students pursue their performing arts goals while enriching our community. In return for your partnership, your business will be advertised as a supporter of the band and receive additional perks based on your sponsorship level.

Thank you in advance for supporting the band program at Cherokee Trail High School and our community.

Sincerely,

A handwritten signature in black ink, appearing to read "Neil Guy". The signature is fluid and cursive, with the first name "Neil" and last name "Guy" clearly distinguishable.

Neil Guy
